

# BUILDING HOPE

## Mahalo for making 2018 our best year yet!

Your donations and support made 2018 a landmark year of growth for Family Promise of Hawaii! Thanks to you, more than 380 parents and children experiencing homelessness were provided with a safe place to sleep at night, meals, support services, and help securing long-term housing.

Here are just a few things your donations made possible in 2018:

- 61 families were able to escape homelessness and move into permanent housing of their very own.
- After securing housing with the help of Family Promise, 98% of families enrolled in the After Care program maintained their own permanent housing long-term!
- Through the Emergency Shelter program, 172 people (including 85 children) were provided with overnight shelter, meals and other daily necessities.
- The new Diversion program, launched in 2018, provided housing support and case management for more than 200 people who were on the brink of becoming homeless. With that help, 31 families were able to secure permanent housing, keeping them from needing emergency shelter.

We're so proud that our community helped provide housing for so many families in need last year. Let's keep it up in 2019! *Mahalo nui loa!*

## New Site Opening

**\*Summer 2019\***

We have big plans for 2019! Our growth, which **you** made possible, has allowed us to expand to open a new site in Wahiawa! Starting this summer, the new site will help shelter and find housing for many more families experiencing homelessness, in a long under-served area. Look for more info on the new location in upcoming Spring newsletters.

By the way, we could always use your help with building our new Wahiawa volunteer and host site networks! Please contact our Honolulu office or email [josh@familypromisehawaii.org](mailto:josh@familypromisehawaii.org) to get

involved and make your mark as we reach further to build a better future for families experiencing homelessness.
